AGENCY'S DISCUSSION AND ANALYSIS

Description of Agency

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the South Carolina Board of Pardons and Paroles, enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP), and on Youthful Offender Release from the South Carolina Department of Corrections (SCDC). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces its motto: ***Prepare, Provide, Protect***. At the end of fiscal year (FY) 2025, the Department supervised a daily average of 73,820 jurisdictional offenders and 23,246 active offenders.

The Department was created on October 18, 1941, by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. In July 2018, the Department became the first and remains the only probation and parole agency in the nation to be accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and was awarded reaccreditation in July 2022. Remote annual reviews occur every July. The Department will complete its second reaccreditation cycle in March 2026, with the Commission review and award scheduled for July 2026. The South Carolina Law Enforcement Accreditation (SCLEA) initial award was received in 2021, making the Department "dually accredited." Its reaccreditation award was received in 2024.

The Department maintains a headquarters facility in Columbia along with 46 county offices and satellite offices in Beaufort, Dorchester, Greenville, Spartanburg and York counties. At the end of FY 2025, the Department was staffed with 766 employees, which included 403 sworn officers, 338 non-sworn staff, 20 temporary staff and five grant employees. **The Department is comprised of the Director's Office and three divisions: Administration, Offender Supervision and Enforcement Services, and Legal Services.**

Governor Henry McMaster appointed Jake Gadsden, Jr. as Director on January 23, 2025. He was confirmed by the South Carolina Senate on February 27, 2025. The Director has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office is comprised of Office of Chief Deputy Director Peggy Murvin who has oversight over the Offices of Investigations and Examinations and Program Planning and Development. The Director's Office also includes the Offices of External Affairs and Professional Responsibility.

The Administration Division is led by Deputy Director Virginia J. Anderson and includes the Offices of Fiscal Management, Information Technology Services, Budget, Grants Administration, Property Management and Procurement, Human Resources, and Training Compliance and Professional Development.

The Division of Offender Supervision and Enforcement Services is led by Deputy Director Chadwick A. Gambrell, and includes Field Programs, Regional Offices, Interstate Compact Services, Special Operations Unit, Field Programs and Strategic Projects.

Deputy Director Kensey Evans has oversight of the Division of Legal Services which includes the Offices of General Counsel, Victim Services, Parole Board and Release Services, Accreditation Management, Administrative Hearings, and Information Security and Privacy.

The Department's supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts a 79% successful probation closure rate compared to the national average of 58.5%. In reference to parole supervision, SCDPPPS has an 83% successful closure rate compared to the 63.9% of offenders who successfully complete supervision nationally (Bureau of Justice Statistics, *Probation and Parole in the United States, 2023, July 2025*).

Significant Projects & Agency Successes in FY' 25

In FY '24-25, SCDPPPS continued to forge new, innovative paths and programs, fulfilling its mission to prepare offenders toward becoming productive members of society. In June 2025, a new contact standards policy was introduced that represents an intentional shift in offender contact practices from quantity to quality. Policy 107, **"Supervision Guidelines,"** signifies a notable change in agency practices. Going forward, Offender Supervision and Enforcement Services staff will place more emphasis on carrying out more significant, in-depth contacts with offenders. (FY 25 Strategic Plan Objective 3.2.2)

These updated general supervision guidelines outline the minimum contacts required for each supervision level and include progress audit requirements. Although the primary focus of offender home visits will be conducting comprehensive quality contacts in the field- office visits can still be utilized for such situations as processing new admissions, conducting audits, making referrals, and conducting drug tests.

"Quality contacts" refer to purposeful and meaningful interactions between Probation and Parole Agents and the offenders under their supervision. These contacts go beyond simple check-ins and aim to build rapport and foster positive relationships- crucial for promoting offender compliance with supervision conditions. These contacts also facilitate assessment and case planning; Quality contacts provide opportunities for Agents to gain insights into the offender's circumstances, identify needs, and adjust the supervision plan as needed. This approach also gives Agents greater ability to make the appropriate treatment and service referrals based on identified offender needs. In this evidence-based model, the "content" of the contact, rather than the frequency, is of more significance and drives the supervision of a case.

In FY 25, SCDPPPS had the rewarding opportunity to provide sorely needed resources to those in need. Founded in 2017 to honor fallen police officer, Greg Alia, Serve & Connect's **"Greg's Groceries"** has provided thousands of boxes of non-perishable food to individuals in need. The delivery of Greg's Groceries boxes creates opportunities for positive, non-enforcement interactions between officers and community members, enhancing trust.

October 3rd, 2024 SCDPPPS Agents from around the state joined over 70 law enforcement agencies in Columbia to pack thousands of boxes of groceries, which were then transported to victims of Hurricane Helene throughout western South Carolina and North Carolina (FY '25 Strategic Plan Objective 3.1.2). Four months later, SCDPPPS staff also participated in the postponed February 7th, 2025 Serve & Connect Law Enforcement Packing Event at the South Carolina Criminal Justice Academy. Between February to May 2025 alone, SCDPPPS staff delivered over 160 grocery boxes, impacting an estimated 668 individuals in need around the state. Groceries continue to be gradually distributed to families in need throughout the year. Any disadvantaged member of the public- not just offenders- are eligible to receive these donations.

Many Agents provided written testimonials about their interactions with grocery recipients. Boxes were distributed primarily during home and office visits to support individuals who were experiencing homelessness,

financial instability, mental and physical health challenges, or food insecurity. Many recipients were recently released from incarceration, living in sheds, vehicles, or shelters, and lacked access to consistent meals. The deliveries offered not only practical support but also served as a gesture of hope and care- with many recipients expressing deep appreciation, some even moved to tears.

SCDPPPS also realized internal technological goals during the past fiscal year. An Intranet Team consisting of members collaborating from multiple agency offices successfully transitioned the agency internal intra-net, called “**PPPnet**,” to a more efficient, modernized SharePoint site (FY ’25 Strategic Plan Objective 4.1.1). Unveiled in May 2025, this more user-friendly platform is designed to enhance communication, collaboration, and connection among all staff, making it easier than ever to share information and resources.

The new improved “PPPnet” includes an “Around the Office” section for agency news, team highlights, and celebrations. Visitors will also find a calendar of agency events, centralized forms and templates and an interactive staff directory. New features are continuously added based on staff feedback.

Internal Factors Impacting the Agency’s Performance in FY 25

For FY 25, SCDPPPS leadership established a Strategic Plan objective to increase the number of career advancement pathways for **Offender Supervision Specialists (OSS)**, non-Class 1 staff that manage standard level offenders (FY ’25 Strategic Plan Objective 4.2.4). This comprehensive internal planning, intended to increase staff retention, then laid the groundwork that proved to be essential for easing the agency’s implementation of a legislative proviso that would later pass at the end of the fiscal year.

In the FY 25 Appropriations Bill, the Legislature introduced a new **four-category state employee compensation structure** that increased the number of pay grades to provide a more realistic and fair pay- more closely tied to marketplace criteria. This new structure aims to create a more modern and competitive compensation system that aligns with the state’s goals to attract, motivate and retain talent. The Department of Administration proposed new minimum salaries for state employees based on four job categories: Public Safety, Clinical, Technology and General. In this system, employees earning below this new threshold amount had their salary brought up to a new minimum. Employees already earning above the new set minimum received a 2% cost of living adjustment (COLA).

Following the introduction of the aforementioned new career tracks for the OSS position, and following the passage of the proviso, SCDPPPS leadership began to analyze the potential salary compression of several agency positions, in particular the Offender Supervision Specialist (OSS) and Field Office Specialist (FOS). As FY 26 progresses, the department will continue its efforts to expand the available career paths for these important positions within the Offender Supervision and Enforcement Services Division (OSES). In particular, two objectives of the FY 26 Strategic Plan are to, “Implement a career path that would cover 100% of OSS staff within OSES” (FY ’26 Strategic Plan Objective 4.2.3) and, “Identify current training needs of FOS and OSS hybrid positions and develop an interactive training program” (FY ’26 Strategic Plan Objective 4.2.4).

External Factors Impacting the Agency’s Performance in FY 25

On September 26, 2024 category 4 **Hurricane Helene**, hit Florida and caused widespread catastrophic damage and over 250 fatalities across an 800-mile path through the Southeastern United States. In South Carolina alone, 50 deaths occurred, largely from tornados and falling trees. SCDPPPS and other law enforcement agencies from

around the state were called on to participate in rescue efforts and to provide relief to those devastated by this storm.

Some Offender Supervision and Enforcement Services (OSES) services were paused during this time to allow Agents to assist with hurricane relief in the hardest hit parts of the state near the Georgia and North Carolina borders. Although SCDPPPS staff experienced personal struggles with property damage and power outages, staff rallied to carry out essential emergency duties. In total there were over 400,000 power outages and more than 900 roads closed after the storm passed due to heavy rains and downed trees. SCDPPPS along with other criminal justice agencies provided law enforcement assistance during power restoration and opening of roadways. SCDPPPS contributed the services of more than 200 Agents actively involved in 10 emergency details, spanning 20 counties. SCDPPPS staff remained deployed in hurricane response through the end of 2024 to complete all assigned missions.

Agency's Current Efforts and Associated Results

The department met multiple strategic objectives during FY 2025, including:

- Expanding the use of the Human Trafficking Screener to two additional counties (FY 25 Strategic Plan Objective 2.1.1)
- Training 95% of the staff on victim notifications (FY 25 Strategic Plan Objective 2.1.2)
- Training 94% of caseload-carrying staff on creating supervision plans that address criminogenic needs (FY 25 Strategic Plan Objective 3.2.2)
- Establishing a modern agency-wide data-sharing platform (FY 25 Strategic Plan Objective 4.1.1)
- Creating a repository of past legal updates (FY 25 Strategic Plan Objective 4.1.4)

Plans Under Development to Introduce Additional Changes

With several new innovative initiatives planned for FY 26, SCDPPPS seeks to expand the many evidence-based rehabilitative services offered to those under the department's supervision.

SCDPPPS has begun the multi-step process to decentralize its **community outreach and collaborative offender rehabilitation** efforts in the next fiscal year. The development of a reorganized agency office dedicated to these objectives will aim to foster relationships with offender rehabilitation stakeholders, bolster SCDPPPS regional ownership of the process, and create more tailored supervision solutions to fit the needs of SCDPPPS County Offices. Ultimately this process will empower local organizations and community members to work more closely with probationers and underserved populations in their local community. (FY '26 Strategic Plan Objective 4.3.3)

SCDPPPS Regional Directors have designated staff to serve on internal **Rehabilitative Advisory Committees**. These committees were established to increase SCDPPPS staff awareness and participation in the existing five external Regional Reentry Councils consisting of membership from various law enforcement stakeholders, community leaders and offender rehabilitative organizations. The SCDPPPS Rehabilitative Advisory Committees will:

- form small community-based teams throughout the state to combat stigma and promote understanding of probationer and parolee rehabilitative efforts

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

- identify points of contact within local employers, social service agencies, housing authorities, educational institutions, vocational organizations, businesses and faith groups dedicated to offender rehabilitation
- assess the sustainability of traditional rehabilitative strategies

Within this new SCDPPPS office, to be staffed in FY '26, two positions will be created to coordinate with community stakeholders and the Rehabilitative Advisory Committees. The **Workforce Development Manager** position will focus on developing offender employment skills. It is essential to create a structured, evidence-based pathway for probationers on community supervision and for individuals returning from incarceration to access opportunities for attaining meaningful and sustainable work. The individual hired for this position will seek to align rehabilitation efforts with labor market needs, reducing the risk of recidivism, and enhancing public safety while delivering tangible positive program outcomes and cost savings.

The **Community Relations Manager** position will be essential to building and sustaining public trust, increasing transparency, and expanding effective collaboration with community partners. By increasing and coordinating agency communications, stakeholder engagement, and service partnerships, this position can reduce recidivism, enhance public safety and improve offender reintegration. This individual will also support policy goals through proactive outreach and by providing responsive, timely information to second chance employers. Ultimately, the addition of this position to SCDPPPS will help encourage public trust, serving as a bridge between SCDPPPS and the communities it serves.

SCDPPPS also has several technological goals and initiatives slated for FY 26, including the **Power BI Dashboard** project. This pilot supports the department's shift to a data-informed and performance-driven model for offender supervision analysis (FY '26 Strategic Plan Objective 1.2.1). Microsoft's Power BI Desktop is a powerful data visualization tool that allows managers to analyze data provided by staff from both onsite and cloud-based sources. By turning existing data into interactive visuals, supervisors can see trends, gaps and outliers in staff reporting and offender activity more clearly. This gives leadership the ability to monitor key activities in real time, identify where staff may need support, and apply targeted solutions instead of broad measures. The dashboards also position SCDPPPS to use preventive and predictive analytics, moving the department toward proactive decision-making grounded in measurable outcomes.

Another FY 26 Strategic Plan Objective 4.1.2 states the goal to "Implement at least one artificial intelligence (AI) proof of concept or pilot." In the upcoming fiscal year, SCDPPPS will engage in a project pilot with **Truleo**, an assistive AI platform that helps law enforcement agencies identify key events and make data-driven decisions that strengthen community safety. This exciting new high-tech endeavor presents a unique opportunity for SCDPPPS, as the traditional Truleo customer base consists of police- not probation and parole- workflows.

SCDPPPS will utilize Truleo's services to **analyze body-worn camera interactions** between Agents and offenders, reducing the burden of manually reviewing camera footage while allowing supervisors to extract meaningful offender contact insights (FY '26 Strategic Plan Objective 4.1.2). AI-driven accountability tools will enhance the agency's body worn camera analytics for transparency, oversight and risk detection. This technology will also help the department detect risk cues, track supervision plan discussions and highlight evidence-based practices in real time. This cutting-edge technology can help ensure the ability to capture moments that may otherwise be missed, recognize Agents who go above and beyond, and create training opportunities that strengthen our approach from purely quantitative to qualitative. Together, these two aforementioned projects will modernize SCDPPPS operations, enhance accountability, and provide agency leadership with sharper tools to drive outcomes and improve supervision practices.

AGENCY CODE:	N080	SECTION:	066

In FY 26, SCDPPPS intends to request \$1,938,200 in non-recurring state funds to modernize its information technology infrastructure. This investment directly supports Strategic Plan Objectives 1.2.1 and 4.1.3, focusing on the transformation of the agency’s legacy **Offender Management System (OMS)**. This modernization initiative will enable SCDPPPS to break down inter-agency silos and accelerate critical time-sensitive decision making to achieve near or real-time data sharing with local, state and federal partners.

Without this funding, SCDPPPS faces delays in critical modernization efforts, forcing continued reliance on outdated systems that reduce productivity, increase security risks, and erode public trust. Approval of this priority funding will enhance SCDPPPS’s ability to deliver high-performing, innovative technology solutions—providing law enforcement staff with the modern tools and services they need to operate effectively and safely.

Other Highlights of FY 25

Expanding internal staff communication methods, thus improving workflows amongst department staff, remains a focus of SCDPPPS. In this vein, in FY 25, **digital signage** was installed on television monitors around the state in multiple SCDPPPS county office waiting rooms. These TV monitors now provide scrolling information 24 hours a day and seven days a week to staff, visitors and offenders in office lobby areas. Common topics include upcoming agency events, offender job fairs, staff award recipients, announced job positions and more. Thus far, 20 TV monitors, equipped with ApSpace digital signage capabilities, have been installed around the state. In the upcoming second and third phase of deployment, nearly 30 more signs will be rolled out in various county offices.

RISK ASSESSMENT AND MITIGATION STRATEGIES

Potential Most Negative Impact on the Public if Strategic Goals & Objectives Aren’t Accomplished and Nature and Level of Outside Help Needed to Mitigate Negative Impact on the Public & Up to 3 Options for the General Assembly to Help Resolve the Issue Before it Becomes A Crisis

Goal 1: The first goal, to “**Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community,**” is one of the primary functions of SCDPPPS. The first strategy, providing evidence-based services for offenders in order to promote accountability and behavioral change, is largely accomplished by concentrating on cognitive strategies to address criminogenic thinking. The first strategy includes the objective to train a polygrapher to assist with the supervision of offenders who committed sex offenses (1.1.1). The other two objectives focus on expanding specialized supervision techniques for domestic violence offenders (1.1.2) and offenders with severe mental health issues (1.1.3). The second strategy will maximize state resources and enhance services by improving supervision as well as move toward modernizing supervision strategies. The first objective will develop a strategy and requirements for modernization of the custom applications utilized by the Offender Supervision and Enforcement Services (OSES) division. (1.2.1). The second objective will conduct a cost-benefit analysis to evaluate the financial and technical viability of transferring 30% of administrative monitoring cases to a third-party vendor for collections. (1.2.2). Due to this goal being the core mission of the agency, failing to meet this goal and its objectives would damage SCDPPPS’ trajectory and negatively impact other departmental goals. Modernization is a necessity. Failing to prepare those under supervision to be productive members of society can lead to recidivism and revictimization. This is especially true for the high-risk, high-need populations targeted in the first strategy.

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

Goal 2: The second goal, to **“Provide Assistance to Victims of Crimes, the Courts, and the Parole Board,”** relies on three strategies to deliver quality services to agency stakeholders, with a specific focus on victims of crime. One objective is to increase the use of the Human Trafficking Screener to identify offenders who may be potential victims of human trafficking and connect them to specialized services in their area (2.1.1). The other two objectives strive to better assist victims by increasing the work capacity of victim advocates whose work provides direct services to victims (2.1.2), as well as locating victim contact information which was not updated during the Criminal Justice System process (2.1.3). Failing to meet this goal and these objectives could be detrimental since it could lead to victims not being correctly identified and/or notified. More devastatingly, it could lead to victims feeling revictimized. Failure to achieve could possibly violate the S.C. Victims’ and Witnesses’ Bill of Rights.

Goal 3: The third goal, **“Protect Public Trust and Safety,”** involves a profound commitment to hold ourselves accountable to the public in the execution of all of our duties. There are two strategies established to meet this goal. The first strategy to provide CPR training for all agency staff (3.1.1) would increase staff knowledge of life saving measures and could possibly preserve lives.

The second strategy of this goal involves enhancing strategies to reduce recidivism. To accomplish this, SCDPPPS has been able to increase the number of service provider referrals entered into the automated tracking system by 5,000 last fiscal year. Additionally, we continue to strive to increase the proficiency of home visits to ensure that necessary criminogenic needs are discussed. Our goal is to increase by 5% the number of body-worn camera home visit videos that pass quality standards as set by the Office of Strategic Projects (3.2.1). The department is focusing on assisting probationers with their rehabilitation process by finding a service to assist with restoring or obtaining their driver’s license (3.2.2) as well as providing transitional service assessments for probationers being released directly from a county detention facility after a minimum of 180 days (3.2.3).

Failure to meet this goal would result in a lower proficiency in the agency’s expectation of quality supervision. It could lead to agency-imposed risk of harm to the offender population at large. The department will continuously take a look into providing services to help offenders become productive citizens. Not properly monitoring the work of staff regarding recorded interaction with the offenders or providing restorative services to offenders could be detrimental to the public.

Legislative assistance is still needed to successfully outfit every agent with equipment and training regarding assigned duties. Budgetary assistance is requested to help provide transitional services and programs to aid with SCDPPPS’ mission to prepare offenders to become productive citizens within our community.

Options for the General Assembly to help resolve this issue include allocating funding to ensure all staff remain equipped with the necessary equipment and training to respond to state emergencies, as required. Mandates regarding the legislature’s expectations for the agency to enthusiastically implement statewide evidence-based practices throughout its supervision policies and procedures will require attention to these issues.

Goal 4: The fourth goal is to **“Efficiently Develop the Organization and Workforce While Delivering Quality Services.”** The first strategy in accomplishing this goal is to build a technological infrastructure for process improvement to adapt to business needs. The department strives to utilize technological advancements in order to improve process flows to serve the community and our offenders efficiently. The objective of this strategy is to create an electronic routing system for documents to be signed (4.1.1), implement at least one artificial intelligence initiative, (4.1.2) and upgrade the Offender Management System to give ten individuals the role to correct already approved incident reports. (4.1.3).

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

The second strategy involves implementing comprehensive plans for retaining and hiring employees and supporting knowledge continuity. The agency has maintained a retention rate of 80% or greater through its efforts. (4.2.2) SCDPPPS is working to increase knowledge of grant opportunities and administration by training one staff from various divisions (4.2.1), implementing a career path for the Offender Supervision Specialist position (4.2.3) and developing an interactive training program for Offender Supervision Specialists (4.2.4).

The final strategy involves continuously exploring and implementing processes that create and maintain accountability and a high-performance work culture by ensuring staff are properly trained. Our goal is to perform monthly quality assurance reviews on 10% of cases entered during the previous month to identify remediation plans for improvement (4.3.1). Moving forward, the department will strive to develop a comprehensive field training plan with improvement markers to be achieved at specified times (4.3.2) and develop a mentor program within each division/region (4.3.3).

Failure to meet this goal would render the agency unable to carry out its core mission and cause the lack of tools needed to deliver quality services to the citizens of South Carolina. Legislative budgetary assistance is needed for SCDPPPS as we are continuously challenged to embrace opportunities for new growth amid evolving technology.
